

LISABROWN

Lisa is the founder of the Lisa Brown International Makeup & Hairstyling Academy. She is a proud graduate of the London College of Fashion and has received international admiration for her contribution to the beauty industry and her extensive MAC knowledge.

These courses consist of a range of private classes with Lisa herself - this is to ensure a hands-on approach and caters to each individual's needs. Students will be able to choose which styles and skills they are interested in - therefore creating a self-curated course.

Upon completion of either of these courses, the student will be awarded with an internationally recognized makeup & hairstyling certificate.
